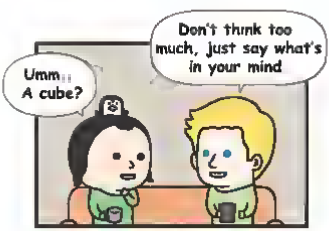
Psychological Test

One day in the evening, Mev found a psychological test on the internet.

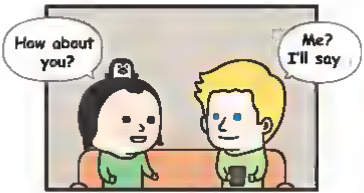


We took the test together.

Is it all done?
No, one more. There is a horse. Describe the horse.

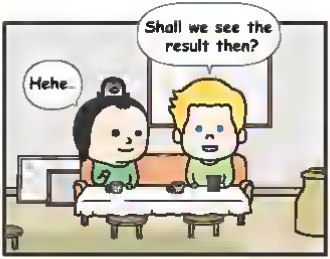
A horse?
He is very white but his mane is very colourful
like a rainbow. Very beautiful

It's almost like a unicorn, and it's running towards me.

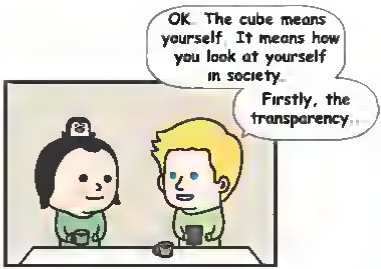


How about you?
Me? I'll say

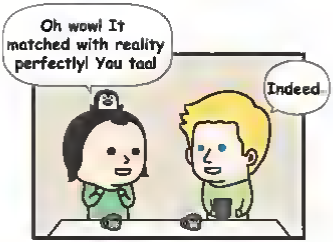
So that was all of our test.



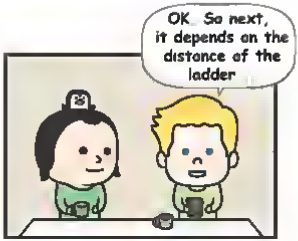
We carried on to the interpretation page

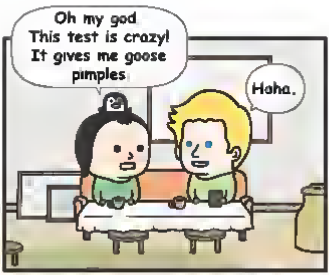


OK. The cube means yourself. It means how you look at yourself in society.
Firstly, the transparency...



Oh wow! It matched with reality perfectly! You too!
Indeed.

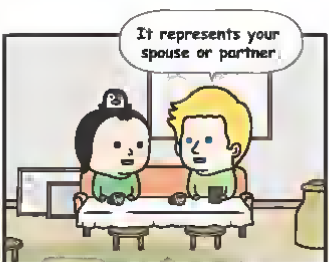




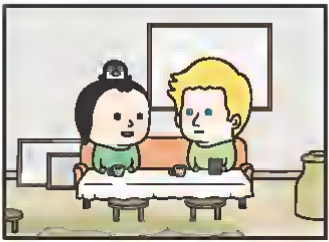
Weirdly, this test's result was very well matched with the reality. I was very impressed.

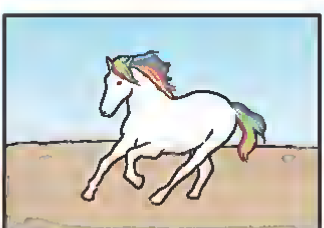
The interpretation of the horse.

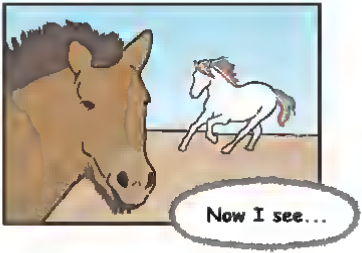
Why? What does it sey?
The horse...



It represents your spouse or partner.







I was at a loss for words.

I'd like to be alone.
